

## ST. CHAD'S C.E.(C) PRIMARY SCHOOL

### SPORTS PREMIUM FUNDING- REPORTING TO PARENTS

#### 'Building together for a better future.'

The Primary and PE Sport Premium is an allocation of funding to improve the provision of physical education (PE) and sport in primary schools in England.

Schools must spend the funding to improve the quality of the PE and sport activities they offer their pupils, but they are free to choose the best way of using the money.

Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

In 2016-2017 St Chads received £9280

In 2017-2018 St Chads received £18 039

In 2018-19 St Chads should receive approximately £18 690

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport that are offered.

This means that the premium should be used to:

- develop or add to the PE and sport activities that the school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

There are 5 key indicators that schools should expect to see improvement across:

- the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school;
- the profile of PE and sport is raised across the school as a tool for whole-school improvement;
- increased confidence, knowledge and skills of all staff in teaching PE and sport;
- broader experience of a range of sports and activities offered to all pupils;
- increased participation in competitive sport.

For example, you can use your funding to:

- provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively
- hire qualified sports coaches to work with teachers to enhance or extend current opportunities
- introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- enter or run more sport competitions
- partner with other schools to run sports activities and clubs
- increase pupils' participation in the School Games

- encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- provide additional swimming provision targeted to pupils not able to meet the swimming requirements of the national curriculum
- embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching
