MESSAGE FROM THE RANGER Mrs Kirkham

Yet another busy and fruitful year, with a variety of tasks undertaken that I and the children have thoroughly enjoyed carrying out.

My role is funded by our Pupil Premium budget and, therefore, many of the children I work with relate specifically to this, although not exclusively. I have found that by working with these children in very small groups on vocational tasks has given them a sense of achievement and purpose.

Making a Game for the Christmas Fayre

A challenging , but fun time was had making a Plinko game for the Christmas Fayre. The children worked well and showed a great sense of achievement when the game was finished and they saw it being used. It proved to be very popular and will no doubt be used time and time again at our future Christmas and Summer Fayres.

GARDENING

This activity, although not easy at times, as lots of weeding had to be done after the summer holidays, was both enjoyable and fruitful. Great preparation for our ever successful Bring A Plant Day. The children all wanted to do it again!

SEWING

New skills taught here , as most children had never done this before. They practised threading a needle (which often proved tricky) , together with doing basic stitching in preparation for doing some sewing in class. Comments like, " Wow! I can sew like my nana now" were so nice to hear.

BEAR HUNT

Chadley Bear had gone missing and great fun was had trying to find him. The children looked everywhere and discovered lots of interesting things in the woodland area , singing " We Are Going On A Bear Hunt" along the way. The children were both excited and thankful to find him hiding in the Clubhouse on the Key Stage 2 playground.

Staining the Ship

Great team work was shown here as the children made sure we looked after some of our play equipment by protecting it against the elements by oiling it. An activity that was enjoyed by all, despite it being very hot!

School Clean Up

The children took great pride in tidying up the outside area of school, which included clearing the guttering and sweeping up an abundance of leaves. It was great to see them take pride in their school environment.

COOKING

As part of their Eurostar topic ,Y5/6 made pizzas. The children used cutting and weighing skills and were very pleased with the end result ,as they not only looked scrumptious, they tasted scrumptious too.

SCHOOL VALUES

HONESTY

COMMITMENT

RESPECT

EMPATHY

KINDNESS

BELONGING

INDEPENDENCE

BRITISH VALUES

Individual Liberty

The rule of Law

Democracy

Tolerance

Mutual Respect

Re-cycling Activities

A mix of recycling games (which involved deciding which items could be re-cycled) followed by actual recycling was carried out.
