Who processes your information?

St. Chad's C.E. (C) Primary School is the data controller of the personal information you provide to us. This means the school determines the purposes for which, and the manner in which, any personal data relating to pupils and their families is to be processed. Mrs L Hunt (School Business Manager) acts as a representative for the school with regard to its data controller responsibilities; she can be contacted on 01782 567750 or email office@st-chads-newcastle.staffs.sch.uk. In some cases, your data will be outsourced to a third-party processor; however, this will only be done with your consent, unless the law requires the school to share your data. Where the school outsources data to a third-party processor, the same data protection standards that St. Chad's C.E. (C) Primary School upholds are imposed on the processor.

Natalie Morrissey is the Data Protection Officer. Her role is to oversee and monitor the school's data protection procedures, and to ensure they are compliant with the GDPR. The Data Protection Officer can be contacted by email dpo@staffordshire.gov.uk.

What is the National Pupil Database?

The National Pupil Database (NPD) is managed by the DfE and contains information about pupils in schools in England. St. Chad's C.E. (C) Primary School is required by law to provide information about our pupils to the DfE as part of statutory data collections, such as the school census; some of this information is then stored in the NPD. The DfE may share information about our pupils from the NDP with third parties who promote the education or wellbeing of children in England by:

- Conducting research or analysis.
- Producing statistics.
- Providing information, advice or guidance.

The DfE has robust processes in place to ensure the confidentiality of any data shared from the NDP is maintained. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
